HIGH PRESSURE SYSTEM TESTED TO THE SATISFACTION OF COMPANY

Tonopah has one of the best high pressure water systems to be found in the state, as demonstrated when two streams were thrown from the hydrant at the Mizpah hotel corner in both perpendicular and horizontal directions. Three men were required to hold each nozzle to prevent the pressure from tearing it away and turning the stream loose on the spectators. When the water was thrown straight into the air the stream rose above the top of the flagstaff on the Bank building. A heavy gale was blowing at the time or the pressure would have shown to even better advantage.

This completes the installation for which the taxpayers of Tonopah have waited patiently until they received

their tax notices to find that the entire cost was levied against their property this year instead of being distributed over a period of years. Nevertheless the system is available in the event of a conflagration by an electric automatic valve operated from the fire station. A check valve on Water street prevents the pressure from the fire tanks backing the water to the regular domestic supply tanks. With the new pressure of 125 pounds to the square inch a strong stream can be delivered through 1000 feet of hose on the outskirts of the camp, where hydrants are scarce. A stream from a hose attached to a Bank building fire hydrant on the roof was thrown horizontally to the T. & G. meat market.

SLAUGHTER GANG OPERATING IN IDAHO

According to information received by Sheriff Lamb from the officers at Halley, Idaho, Matthew Price, paroled last year from the Nevada penitentiary, is under arrest there on a charge of bootlegging. With him was arrested George Walters, a carpenter, who resided in Winnemucca at one time.

May Slaughter, a notorious woman, who conducted a saloon on the outskirts of Inlay for several years, was arrested with Price and Walters, but the latter took all the blame and she was released.

The Slaughter woman, it will be remembered, was arrested for cattle stealing in this county a few years ago. She dug her way out of jail and was at liberty several months, but gave herself up and was tried and acquitted. She left the county and has not been heard from until the news came of her latest escapade in Idaho, where she is with the members of the same gang with which she trained in this county—Humboldt Star.

BIG PAY ROLL BRINGS SMILES

This is the day of the month when every business and working man in the Tonopah district rejoices, for it is the day when some \$410,000 goes into active circulation in return for the labor and supplies of the past month. The payroll from now on is going to show a substantial increase, for the indications are that much more new work will be undertaken by the leading mining companies. With the several new projects getting ready for business it is likely that before snow flies the monthly disbursement will come close to the half million mark.

PRESIDENT'S SISTER DYING AFTER WEEK'S ILLNESS

(By Associated Press.) NEW LONDON, Conn., Sept. 11.—The condition of Mrs. Annie E. Howe, only sister of President Woodrow Wilson, who has been seriously ill for a week, was pronounced critical by her doctor. Virtually no hope is held for her recovery. She is suffering from peritonitis and complications.

(By Associated Press.) LONG BRANCH, N. J., Sept. 11.—After cancelling all his engagements, President Wilson hurried to the bedside of his sister, Mrs. A. E. Howe.

PREPAREDNESS

The public can be assured that we are well fortified and amply prepared to take care of our growing business. It is not an idle boast when we state that our business has expanded far beyond our highest expectations. Our best dressers will attest that our elegant fabrics, combined with the skilled art of a designer, is unapproachable this side of Fifth Avenue, New York. Five hundred patterns of the latest fall and winter creations are new ready for your inspection.

SEIZE BANK ROLL OF THE BELGIANS

(By Associated Press.) THE HAGUE, Sept. 11.—The newspapers announce the German authorities have seized £30,000,000 which was placed in the coffers of the Belgian National bank in consequence of suspension of the moratorium. It is stated the Germans offered to pay 5 per cent interest and return the money two years after the close of the war.

REPEATS LIBEL IN THE COURT

(By Associated Press.) WASHINGTON, Sept. 11.—Editor Henford, through his counsel, filed in the District of Columbia supreme court his answer to the \$100,000 libel suit brought by the Navy league on account of newspaper advertising which it is alleged impugned the motives of the league and its officers in the preparedness propaganda. Henford retracts no statements, but declares he had reasons to believe they were true, as they were published broadcast throughout the country and made in Congress without bringing any denial from the league.

REGISTRATION IN THE SCHOOL

The official registration for the first week of school shows a remarkable increase, with 649 pupils attending. The high school is still progressing and now has 101 students enrolled. The number in each grade is as follows: High school, 101; eighth, 46; seventh, 40; sixth, 47; fifth, 51; fourth, 68; third, 65; second, 69; first, 106, and kindergarten, 43. Text books are arriving daily and by the end of the week the complete supply will be on hand.

FAIRBANKS OPENS SPEAKING SEASON TODAY IN MISSOURI

(By Associated Press.) CHICAGO, Sept. 11.—Fairbanks opened his speaking campaign in Springfield, Mo., today and goes to Oklahoma City, speaking there tomorrow. He speaks at Tulsa, Okla., Lawrence, Kansas, and then at Kansas City.

MAINE GUARDSMEN VOTE WHILE ON BORDER DUTY

ITALY ENTERS BOYCOTT GAME

(By Associated Press.) PARIS, Sept. 11.—A Rome dispatch says Italy has decided to adopt the blacklist system with the principles the French and English used with whatever additional names the Italian government decides upon.

FOUL PLAY FEARED IN CASE OF DEATH

(By Associated Press.) BROWNSVILLE, Texas, Sept. 11.—Louis Briston, of Deerfield, Wis., owner of a million acre ranch near Victoria, Mexico, is reported drowned, according to advices received. Foul play is suspected by friends.

The ranch has been in litigation for years. Briston's life was threatened often in this connection and the fact that the body was reported recovered and buried arouses suspicion.

MARTIAL LAW IN GRECIAN CAPITAL

(By Associated Press.) ATHENS, Sept. 11.—Athens is virtually under martial law. Patrols of infantry and cavalry parade the streets and the entente legations are under strong guard. Fifteen hundred marines were added to the garrison on account of uncertainty regarding the attitude of troops. The excitement caused by the army disaffections at Saloniki are dying out.

FIRST SNOW FALL ON AT LEADVILLE

(By Associated Press.) DENVER, Sept. 11.—Colorado's first snowfall of the season is falling in Leadville. The fall amounts to nearly an inch and began last night. A light frost prevalent in Colorado, Utah and Arizona is forecasted to night.

How Much is Now Left of the Baltimore Platform?

The president has boldly signed the Pork river and harbor bill, and his facile pen is dripping with ink eager to attach itself to a pork public buildings bill.

The friendliest apologists of the president's part in the profligate waste of money wrung from the people by oppressive taxation have nothing better to say for him than that it is hardly fair to expect a man to say "I forbidd!" in his presidential year when he is a candidate.

The foregoing words describing the profligate waste of the people's money with executive approval are taken without change from a plank of the platform on which Woodrow Wilson was elected in 1912:

"We denounce the profligate waste of money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican congresses, which have kept taxes high and reduced the purchasing power of the people's toil. We demand a return so that simplicity and economy which befits a democratic government."

How much is now left of the principles declared and the promises registered at Baltimore as inducements to citizens to vote for Wilson?

Possibly it is because he and his party have been such reckless, such wholesale repudiators of the pledges of 1912 that few people remember or care to remember what pledges were made in his behalf about forty days ago at St. Louis.—New York Sun.

SAVED THE DAYLIGHT IN INDIANA THIRTY YEARS AGO

Cement Mills Started at 6 A. M., and Men Got in Ten Hours a Day Even in Winter.

New Albany, Ind.—Germany, Austria and other war rent countries of Europe, which have begun to conserve daylight, are thirty years behind Indiana. A cable dispatch from Berlin recently spoke of the daylight conservation idea as having been adopted there. The tenor of the dispatch creates a new, when, in fact, the idea was adopted thirty years ago at the Speeds Cement mills, north of this city.

It was about 1886 when David Cook, manager, who still has charge of the plant, which produces Portland cement, realized it was a sin to waste the fine daylight which permits work at 6 a. m., even on most winter days. He studied the matter, and soon the whistle for going to work sounded at 6 in the morning. It took some time for the men to get used to the change, but now they would not swap back to the old system. They begin an hour earlier and quit an hour earlier, and even during the winter the ten hour day can be made.

BUTLER THEATER

All lovers of high class music should be on hand this evening, as one of our Tonopah ladies appears for the first time before the Tonopah public, and, assisted by Julius Goldsmith, will render high class vocal selections. This lady is well known in Tonopah, but her name will be withheld until tonight. If you really appreciate a beautiful song, hear "The Rosary" sung here tonight. The picture program is composed of a Blue Ribbon feature entitled "The Vital Question," a gripping five part drama, and presenting beautiful Virginia Pearson in the leading role. "The Vital Question" has a powerful appeal because of the intimate human nature of the question involved. This wonderful production settles for all time the fact that a woman should marry for no other reason than love and proves that a union without love, no matter how noble a sacrifice may inspire it, in the end is always a failure. The musical selection to be played by the orchestra tonight will be "I've Been Floating Down the Old Green River," from "Maid in America." Tomorrow, Burton Holmes travels "Down the Danube to Vienna," and Charlotte Walker in "The Trail of the Lonesome Pine."

FROST AT VICTOR RANCH

There was a sharp frost at the Victor ranch last night, which is about 200 feet below Tonopah. Goldfield reported a slight frost, while the neighboring camps claim the coldest weather ever experienced in September.

MARRIAGE LICENSE ISSUED

Cupid Pohl is now on the job for the fall rush. A license was issued by the county clerk this morning to Gustav Fransen and Clara Hagen, residents of Tonopah.
